

1.	Introduction	4
1.1	A Note To Jaleo 1.x and 2.0x Users	4
1.2	Prerequisites and Requirements.....	4
1.2.1	System Configuration	4
1.2.2	Required Knowledge	5
1.3	Where to Find More Information	5
1.4	Overview of the Installation and Configuration Process.....	6
2.	Machine Preparation.....	8
2.1	Hardware Configuration	8
2.1.1	Obtaining System Hardware Configuration Information	8
2.1.2	Basic System Disk Setup	8
2.1.3	Swap Space	10
2.1.4	Further Disk Space Considerations.....	10
2.2	Operating System Configuration	15
3.	Software Installation.....	17
3.1	Upgrades from Older Versions.....	17
3.1.1	Using Old Projects	17
3.1.2	No Automatic Project Creation.....	17
3.2	Jaleo Installation Concepts	17
3.3	Installation Strategies.....	18
3.4	Installation Tape Drives.....	18
3.4.1	Single Local Tape Drives.....	19
3.4.2	Systems with Multiple Tape Drives.....	19
3.4.3	Remote Tape Drives	20
3.5	License Management	20
3.6	Using Script Installation	21
3.7	Using Semi-Manual Installation	22
3.8	Post-Installation Configuration.....	24
3.9	Separate License Server Installation.....	25
3.10	Licensing Jaleo	26
3.10.1	Checking Machine Date.....	26
3.10.2	Running (addLicense)on a Machine with Jaleo Installed	27
3.10.3	Running (addLicense) on a Separate License Server	27
3.10.4	Entering Licenses	27
3.10.5	Relocating Jaleo or License Files	28
3.11	Licensing Configuration Options to Resolve Conflicts.....	28
3.11.1	More Information on Licensing	29
3.12	Jaleo System File Descriptions.....	29
3.12.1	Program Search Path.....	29
3.12.2	Application Settings.....	29
3.12.3	Window Icons	29
3.12.4	Desktop Integration.....	29
3.12.5	License Server Files.....	30
3.13	File Locations and Explanations.....	31
3.13.1	Account Configuration Files.....	31
3.13.2	Jaleo Work Directory	32
3.13.3	JALEO-ENV Directory	32
3.13.4	JALEO-ENV(/bin).....	32
3.13.5	JALEO-ENV(/etc)	33

3.13.6	JALEO-ENV (/etc/devices)	33
3.13.7	JALEO-ENV(/extern)	34
3.13.8	JALEO-ENV(/utils)	34
4.	Using Multiple Accounts.....	35
4.1	Description.....	35
4.2	Preparing a New Account.....	36
4.3	Options to makeEnv	37
5.	Introduction To Jaleo Software Configuration	39
5.1	Configuration Warning.....	39
5.2	Editing Configuration Files	39
5.2.1	Using the Graphical Desktop.....	39
5.2.2	Using a Shell	40
5.2.3	Hidden Files	41
6.	Configuring Jaleo Work Directories.....	42
6.1	Project Structure	42
6.2	Project Directory Setup.....	43
7.	Configuring Jaleo Operation using the .jaleorc File.....	45
7.1	Devices as Configuration Parameters.....	46
7.2	Valid Options for all Jaleo Systems.....	47
7.2.1	CACHEDEVICE	47
7.2.2	DATDEVICE.....	47
7.2.3	EXPIRATIONWARNING	48
7.2.4	FRAMESSEG	48
7.2.5	IMAGESIZEX / IMAGESIZEY.....	48
7.2.6	INTERPOLATION.....	48
7.2.7	LOWRESRATIO	48
7.2.8	MAXMEM.....	49
7.2.9	NTSCFIELDS.....	49
7.2.10	NUMLEADZEROS	49
7.2.11	PAINT_TMP_DIR.....	49
7.2.12	TABLET_MAX_PRESS	49
7.2.13	TIMESAVE	50
7.2.14	REMOTEHOST.....	50
7.2.15	RENDERPARTIAL.....	50
7.3	Valid Options for Jaleo PLUS	50
7.3.1	PARALLEL	50
7.3.2	REALITY	50
8.	Live Video Configuration Files.....	51
8.1	Live Video Configuration Options	51
8.1.1	DEVICECLASS	51
8.1.2	SIZE	52
8.1.3	DEVICETYPE.....	52
8.1.4	INPOINT.....	52
9.	Configuring Jaleo for Raw Device Operation	53
9.1	Differences in Jaleo Operation Imposed by Raw Devices	53
9.2	Understanding Device Path Names	54
9.3	Possible Raw Device Configurations	55

9.3.1	Single Drive Raw Device Configuration	55
9.3.2	Using a Partition on a Non-Dedicated Disk as Raw Device	57
9.3.3	Reusing a Disk that has a File System as Raw Partition.....	58
9.3.4	Creating Raw Devices from Multiple Disks.....	58
9.3.5	Multiple Controllers on Indigo2 Systems	61
10.	Configuring Jaleo Devices.....	62
10.1	Device Configuration File Syntax	62
10.2	Common Device File Options	63
10.2.1	DEVICETYPE.....	63
10.2.2	MESSAGE	64
10.3	Basic Configuration Devices	64
10.3.1	DiskCache.dev	64
10.3.2	Raw.dev	65
10.4	Clip Device	65
10.5	DDR Devices	65
10.6	Disk Device	67
10.7	Movie Device.....	67
10.8	Render Device	68
11.	Balancing Performance in Operation	69
11.1	Choice of Material	69
11.2	Material Storage	69
11.3	Performance Balancing with LOWRESRATIO	69
12.	Clip File Format.....	71
12.1	Basic Format	71
12.2	Clipfile Sections.....	71
12.2.1	Instance Data.....	71
12.2.2	Property Section: Label “p”	72
12.2.3	Source Data Section: Label “d”	72
12.2.4	Source Location Sections Label “L” and “H”	73
